

See Adoption Clearly

Strategic Parenting

A workshop for adoptive families and professionals

Smithers: Friday October, 3, Terrace: Saturday October 4

Adopted children face all the regular challenges of being a kid coupled with the issues of being an adopted child. The success of adoptees and their families is enhanced when their parents and foster parents understand the unique experience that comes with being an adopted child. This workshop educates families and professionals about these challenges.

Areas covered: bonding and attachment, separation and loss, strategic parenting and transitions.

Who should attend: Adoptive and Foster Parents, Mental Health Practitioners, Social Workers, Child and Youth Care Workers, Family Support Workers, Teachers, Counsellors.

Register: www.afabc.eventbrite.com
